Cummins Onan
21.50KW
Hours: 13861
Hours Date: 07/10/2026

Generator 2

Northern Lights
17KW
Hours: 4265
Hours Date: 07/10/2026

Summary/Description

2013 PC60

This 2013 Horizon PC60 pairs the space and stability of a power catamaran with genuine offshore capability. Twin CAT C12 diesels deliver an easy 18-knot cruise and a range of roughly 500 nautical miles, opening up extended coastal and island-hopping itineraries without a second thought about fuel stops. The on-deck master stateroom is the standout feature, full-beam, flooded with natural light, and a rare offering in this size range that most owners come to consider non-negotiable once they've experienced it. Twin-hull stability keeps life aboard comfortable at anchor and underway alike, while the layout balances private owner accommodations with generous space for guests and crew. This PC60 represents a strong entry point into the model line for buyers who want both performance and livability. Contact us to schedule a private showing.
